

VERNISSAGE

Beppe Alzani

13.06.2024

LuinoArtist , told the magic of these places thanks to his brushstrokes of emotion, painting on the shores of the beloved lake *en plein air*.

<< *Beppe Alzani in his painting does not want to reproduce reality as it appears, but open the way to emotions.* >>

His painting has never deviated from figuration and the starting point of his works has always been the vision of reality.

The artist's works appear as true palettes of bright and bright colors. More defined images alternate with paintings in which brushstrokes become faster and subjects more approximate. The artist entrusts his emotions to the rhythm of the shades of color, to the wide and bright brushstrokes, to the decomposition of the images.

Public opening of the Vernissage

From 4.30 p.m. to 7 p.m.
