

## VERNISSAGE

**LauragreenArt**

11.07.2024

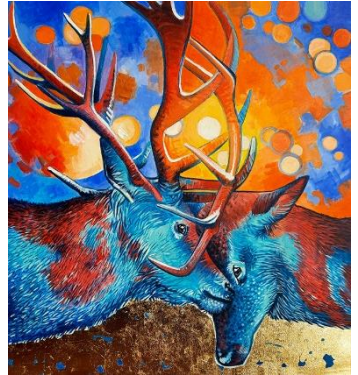

Laura, aka Greenart, over the years has embraced art in all its forms, from singing to drawing. With the latter has refined different techniques, landing more recently to the pastel technique.

The vision that accompanies his works is based on the belief that art has the power to put people in touch with the soul of things.

Experimentation, both in interior decoration on the wall and in the representation of the animal world, accompanies his most recent works.

Bold and bright colors characterize his works, alongside experimentation and technique that is committed every time to refine seeking, at the same time, the balance and harmony of the composition.

Public opening for the Vernissage

From 4.30 p.m. to 7 p.m.
