

## VERNISSAGE

**Adele Cossi**  
13.08.2024

Eclectic artist who, from song to painting,  
tells his soul through magic strokes.

After the theater and television the artist decided to return to  
painting, his great passion since childhood.

*<< After having achieved successes and trampled stages, I still question myself in the psychological investigation that springs from color and stroke. [...] Through painting I want to capture the essence of character, as I did with the heroines I played on the scene, to give, to those who observe my canvases, flashes of feeling and flashes of passion, with the color that moves like musical notes >> so Adele Cossi talks in an interview about her pictorial art.*

Public opening for the Vernissage

From 4.30 p.m. to 7 p.m.
